

# MVP Hydra Customization

## Your Unique Coffee Vision on Display.

The MVP Hydra offers industry-leading creative freedom with an extensive list of components eligible to be enhanced with your unique look and feel.

### Powdercoated Panels

Pick your panels, then choose one or more colors to match your taste and compliment your space.

### Wood Accent Kits

Upgrade the Barista experience with locally-made wood portafilters, group top and steam handles.

### Vinyl Graphics

Add a signature logo or graphic that captures your brand in a memorable way for customers.

## POWDERCOATED PANELS

Whether you're seeking a refined and regal tone or a bright and flashy look, we offer an industry-leading number of customizable panels, either individual or grouped. Plus the skill, know-how and years of experience to deliver high-quality coatings that bring your aesthetic to life.

- Gloss & Matte finishes available for a unique look
- Choose from hundreds of RAL color options
- One or more colors can be requested per machine

Gloss    Matte    2 Colors

## WOOD ACCENT KITS

The look and feel of our unique wood accents add a signature touch to your machine.

All are made from carefully selected hardwoods, bespoke crafted, and guaranteed to perform year-after-year through countless cycles.

- Hand-crafted to order and truly unique
- Kit your new machine or retrofit an existing one
- Kits include portafilters, steam and grouphead handles

Maple    Walnut    Zebra    Jatoba

## VINYL GRAPHICS

Make your mark or send a message with full color, laser-cut vinyl graphic decals.

However you choose to apply them, decals are a great way to reinforce your brand and show the personality that makes your setup unique.

- Vector-based artwork file required
- Side and back panel placement options available

Brushed Steel Inner Back Panel    Mirror Finish Steel Inner Back Panel    Powdercoated Steel Inner Back Panel    Powdercoated Steel Lower Side Panel
