

## JetAir JA8X Ovens

• JA8X (Electric)

• JA8XR (Retherm)

• JA8XG (Gas)

# JA8X Series

## DESCRIPTION

The JA8X series ovens from Doyon are known worldwide for its unique JET AIR SYSTEM. The air moves in one direction, stops then moves the other way resulting in a bidirectional and gentle velocity air flow for exceptional baking results. This system will help you bake faster and more evenly without having to turn pans during baking cycle. The Jet Air fan system will save energy and labor costs.

The JA8X series provides flexibility in terms of range of products that can be baked or cooked. It features a programmable or manual one shot and-constant pulse steam injection. To get the results you really want, we have added as standard a fan delay for those delicate products.

The JA8XR series ovens also feature a retherm mode.

## Features & Benefits

- Intuitive programmable touchscreen control
- Door switch cutoff for fan blower
- Stainless steel construction
- Unique pulse & shot steam
- Dependent doors for single hand operation
- Advanced moisture evacuation system
- Jet Air exclusive patented reversing fan system
- Available in electric (JA8X, JA8XR) or gas (JA8XG)
- Available with rethermalization (JA8XR only)
- Two Year Parts and One Year Labor Warranty
- Capacity is 16 1/2 size pans

## Options & Accesories

- Water filter (PLF240)
- Equipment stand (JA8B)
- Nickel plated pizza Shelf (GRPIZ8)
- Gas connection kit (4' [1200] flexible hose, ball valve, & securing device) (GAH600) (for JA8XG only)
- Manual backup thermostat control
